NEO'S FEATURES

Smooth, quiet and efficient electric power

Simple, stylish and easy to use, the new NEO's electric scooter has the potential to transform the way you live and move in the city by making every journey smoother, easier and more enjoyable! The new NEO's combines proven Yamaha quality with low running costs and the many benefits of electric power.

Direct drive hub-mounted electric motor

For maximum efficiency, the NEO's is equipped with the latest generation Yamaha Integrated Power Unit (YIPU) that features an air-cooled brushless electric motor located inside the rear wheel hub. This compact direct drive design eliminates the need for gears or belts and ensures smooth running, strong acceleration and extremely quiet operation.

Quick and controllable acceleration

As soon as you pull away on the NEO's, you'll feel its smooth power delivery and precise control at all speeds. Yamaha has taken extra care to ensure that the throttle design provides you with a smooth, confident feeling when accelerating from a standstill and when riding in slow moving traffic – making this electric scooter an ideal choice for all riders.

Universal riding position for all sizes and experience

Featuring a relaxed and upright riding position, the new generation electric NEO's is the ideal vehicle for riders of all ages, sizes and experience who are looking for a responsible and accessible alternative to the car and public transport. And with its simple twist-and-go performance, easy agility and high levels of comfort, this is the smartest choice in zero-emission urban mobility.
